ACADEMIC CHALLENGE

## Engineers, let the games begin!

THE 5-WEEK ENGINEERING ACADEMIC CHALLENGE IS BACK

March 27 – April 30, 2017

Are you the best at getting to the right answer? Can you and your fellow students get to the top of the leaderboard and outrank other institutions? Now's your chance to prove it on a global scale. Join the Engineering Academic Challenge and compete with thousands of engineering students. Sign up now and try out your research skills while learning the grand challenges of civilization!

On March 27, the Spring edition of the 5-week Engineering Academic Challenge kicks off, covering a completely new engineering theme and real-world questions every week. Get acquainted with the grand challenges of engineering and get to the highest ranks on the leaderboard to win great prizes.

You need to register to play, so do so now! Don't forget to invite your fellow STEM students.
